Personal Information

First Name / Last Name of the person using the account.

Email: You need to enter a **relevant** mail address. Email confirmations will be sent to this address after you make an order.

PI First Name / PI Last Name: This is the first and last name of the head of the lab.

Vat Number: Leave this field blank.

Custom Fields

Bill To Email: Enter the email address of the lab manager, or whoever is in charge of payments.

Ship To Email: Enter an email of someone frequently in the lab.

Invoicing Email: Leave this blank.

Mobile Phone: Enter the mobile phone number that Syntezza's drivers can use to reach you if they need to reach you about deliveries. For example, if they have trouble finding your lab.

Communication Preferences

Help us stay in touch and provide you with relevant information. Please take a minute to let us know your interests so you can get curated content that meets your needs.

What best describes your organization type?

Select one

What best describes your areas of research?

- [ ] Drug Discovery/Development or Other Clinical Indication
- [ ] Enzyme and Protein Engineering
- [ ] Food Safety / Contamination
- [ ] Forensics & Archaeogenetics
- [ ] Genetic and Rare Disease
- [ ] GMO & Synthetic Foods
- [ ] Industrial Engineering
- [ ] Infectious Disease
- [ ] Microbiome
- [ ] Oncology
- [ ] Other

What technologies do you use in your lab?

Next Generation Sequencing (NGS)

- [ ] Whole Genome Sequencing (WGS)
- [ ] Transcriptome Sequencing
- [ ] Whole Exome Sequencing (WES)
- [ ] Methylome Sequencing
- [ ] Targeted RNA Sequencing
- [ ] Targeted Methyl Sequencing
- [ ] ATAC-Seq / ChiP Sequencing
- [ ] mRNA/whole transcriptome Sequencing
- [ ] Single Gene Sequencing
- [ ] Single Cell DNA Sequencing
- [ ] Single Cell RNA Sequencing
- [ ] Spatialomics
- [ ] Other

Communication Preferences:
Select your organization type.

What best describes you areas of research:
Select every item that applies.

If you do not wish to disclose your areas of research, just select "Other" and move to the next section.

What technologies do you use in your lab?
Select every item that applies.

Again here, if you do not wish to disclose the technologies you use, just select "Other" and scroll to the bottom of the page.

INTEGRATED DNA TECHNOLOGIES

Custom Oligos/PCR

- [ ] Conventional PCR
- [ ] Quantitative PCR (qPCR)
- [ ] RT-qPCR
- [ ] Digital PCR (dPCR)
- [ ] Isothermal PCR/LAMP
- [ ] Other

CRISPR / Functional Genomics

- [ ] Genome Editing - NHEJ (aka Knock-out)
- [ ] Genome Editing - HDR (aka Knock-in)
- [ ] Regulation of Gene Expression (RNAi, ASOs, miR Inhibitors, CRISPRa/i)
- [ ] Genome Editing Detection
- [ ] Genome Editing analysis
- [ ] CRISPR-Based Diagnostics
- [ ] Other

Synthetic Biology

- [ ] Molecular Cloning
- [ ] High-throughput screening
- [ ] Other

Thank you for telling us about yourself. By clicking "yes" below, you will receive timely and relevant information about our latest promotions, new and updated products, educational resources, newsletters, webinars, and events to accelerate your research.

- ( ) Yes—sign me up!
- (•) No—it's not for me*

* This means no news from IDT marketing about latest discounts, new and updated products, educational resources, newsletters, webinars, and events.

COMPLETE REGISTRATION

Continue to list technologies you use in your lab

Select every item that applies. .

After completing the above, click on the button COMPLETE REGISTRATION.

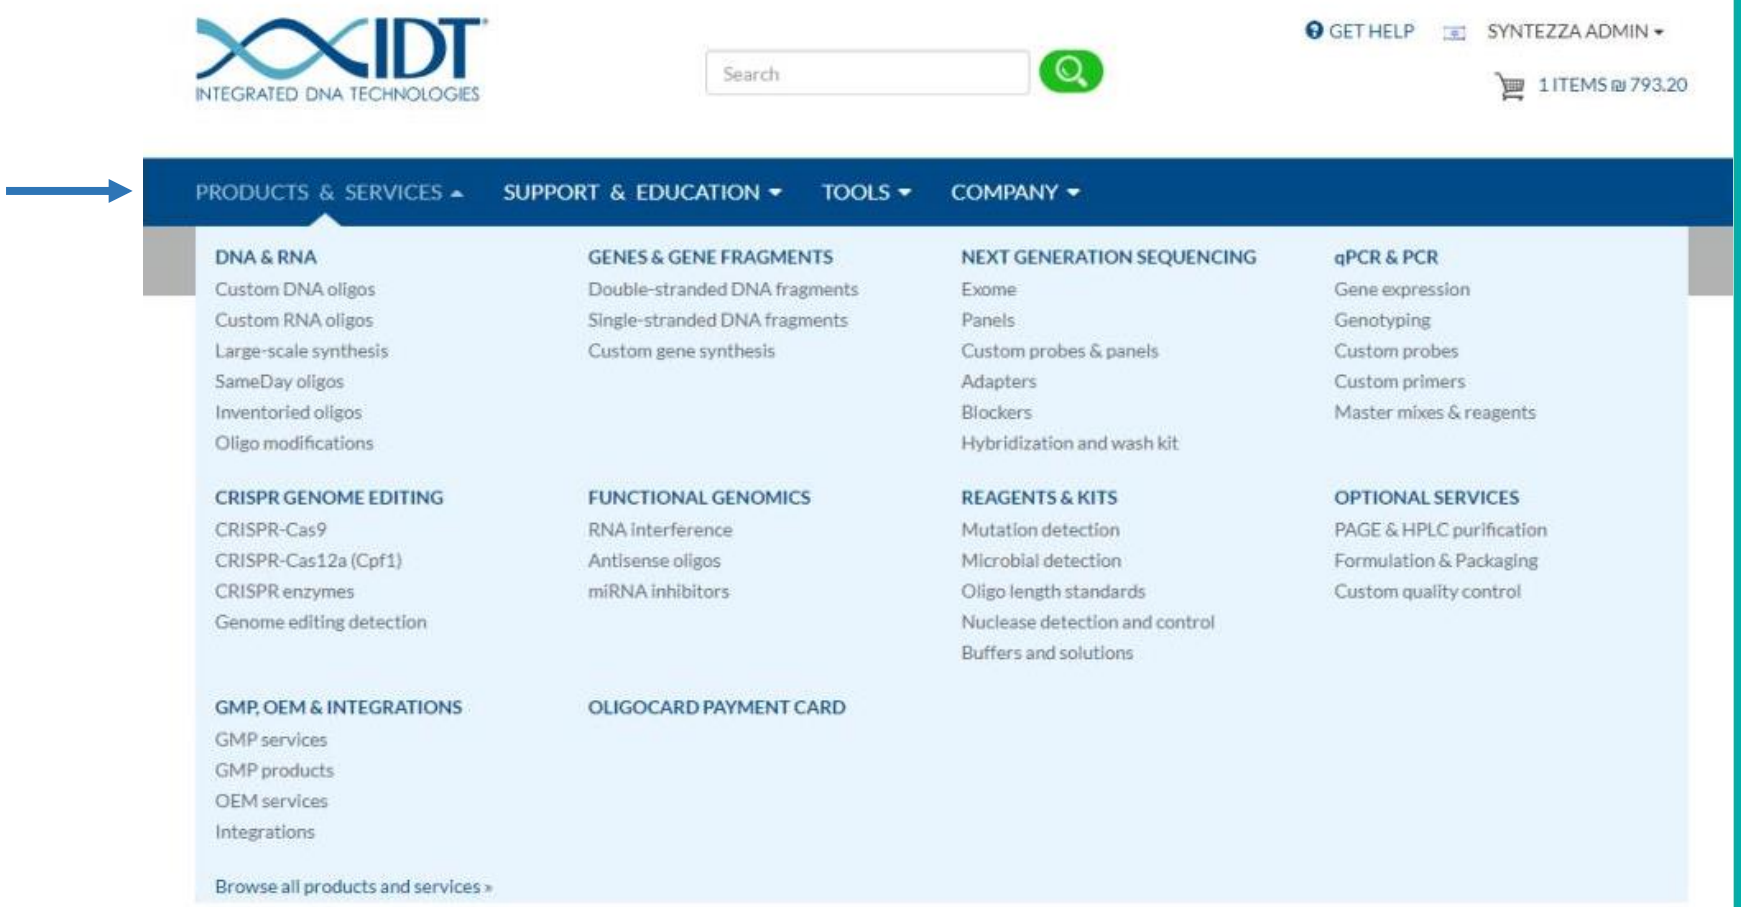
After you enter your account, your name will appear on the top right portion of your screen.

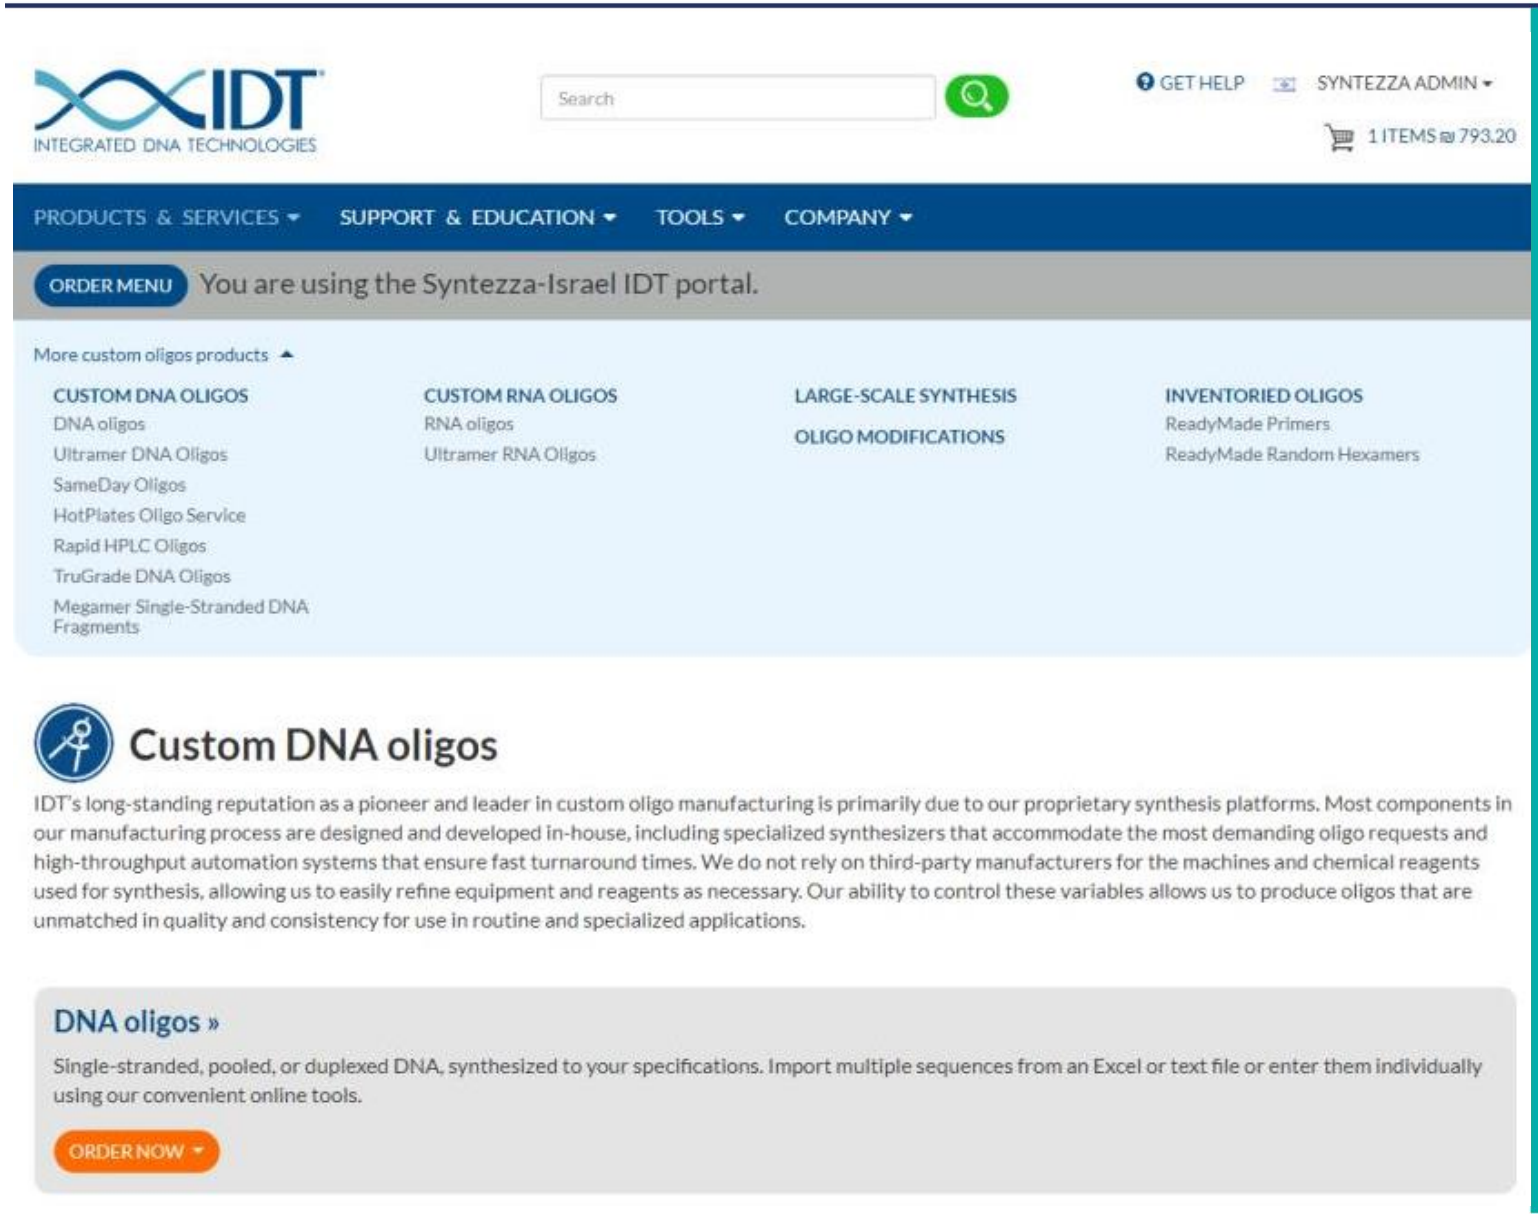
Please note that the country sign must indicate Israel. This is to make sure that the pricing will appear in NIS.



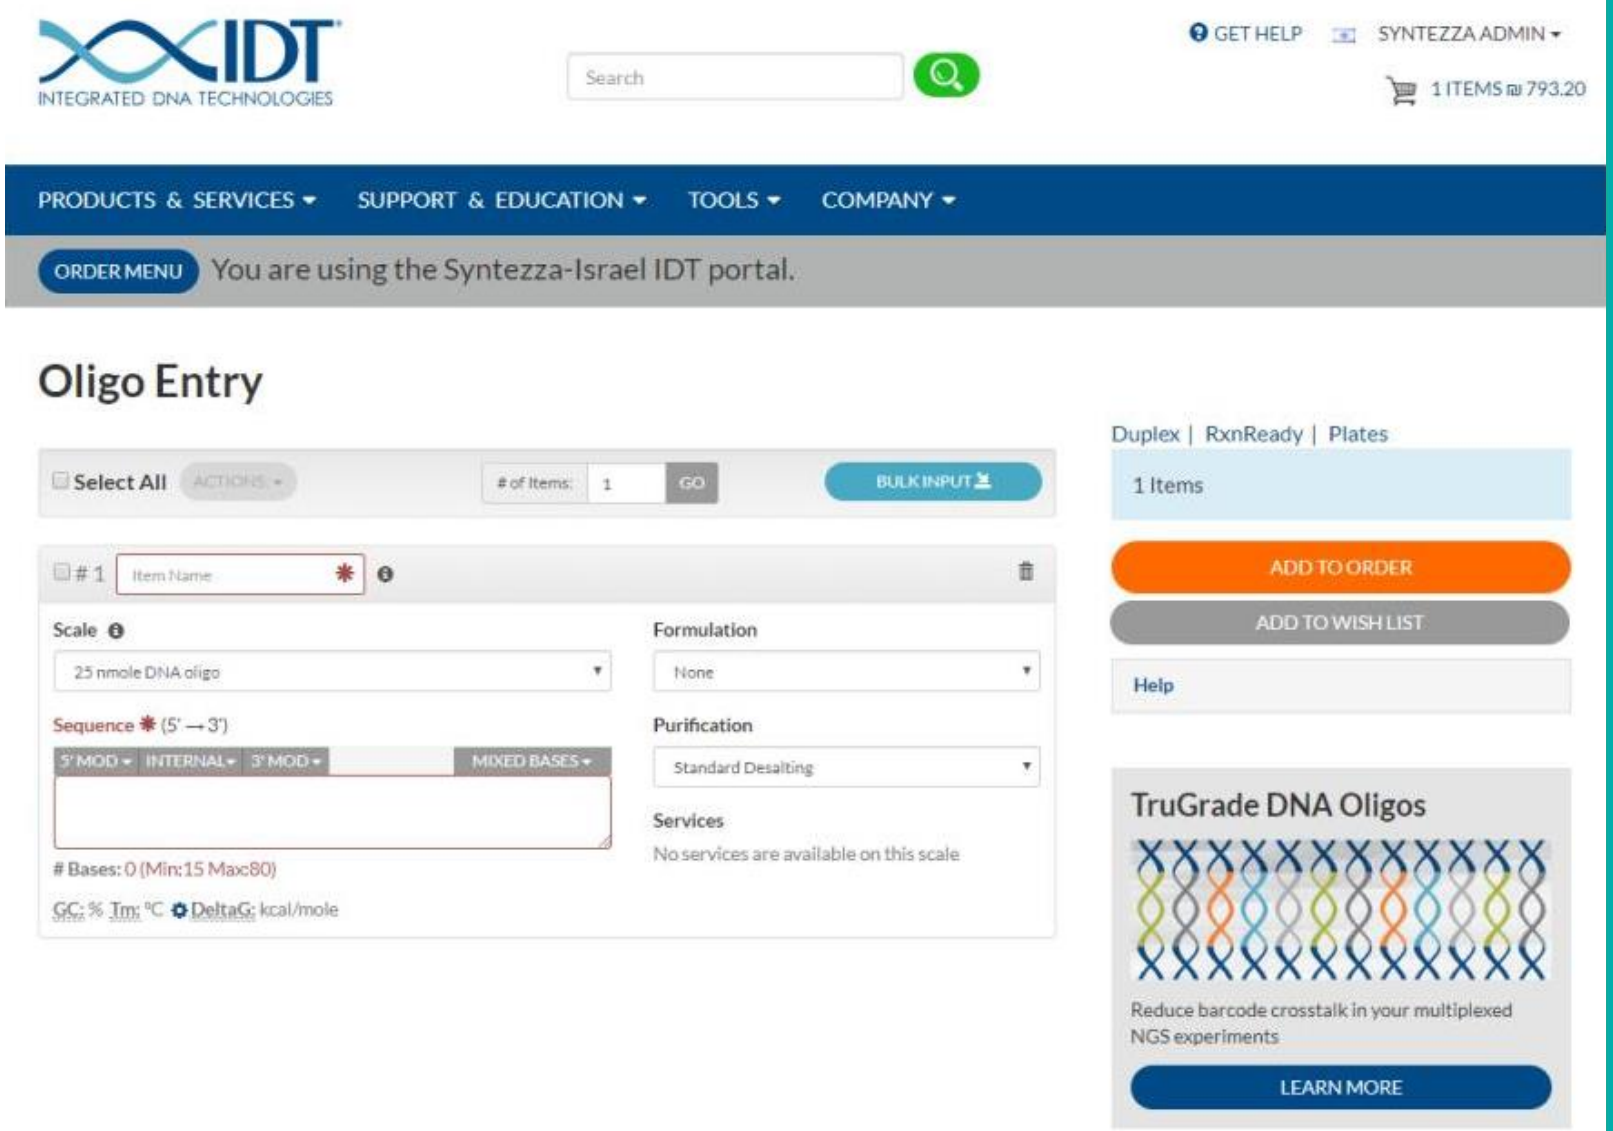
When you click on PRODUCTS & SERVICES, a window will open with all of the categories of products offered by IDT.
Within each category, there are more specific products. Each of these pages will allow you to check pricing, as well as receive more product information

Syntezza

IDT
INTEGRATED DNA TECHNOLOGIES

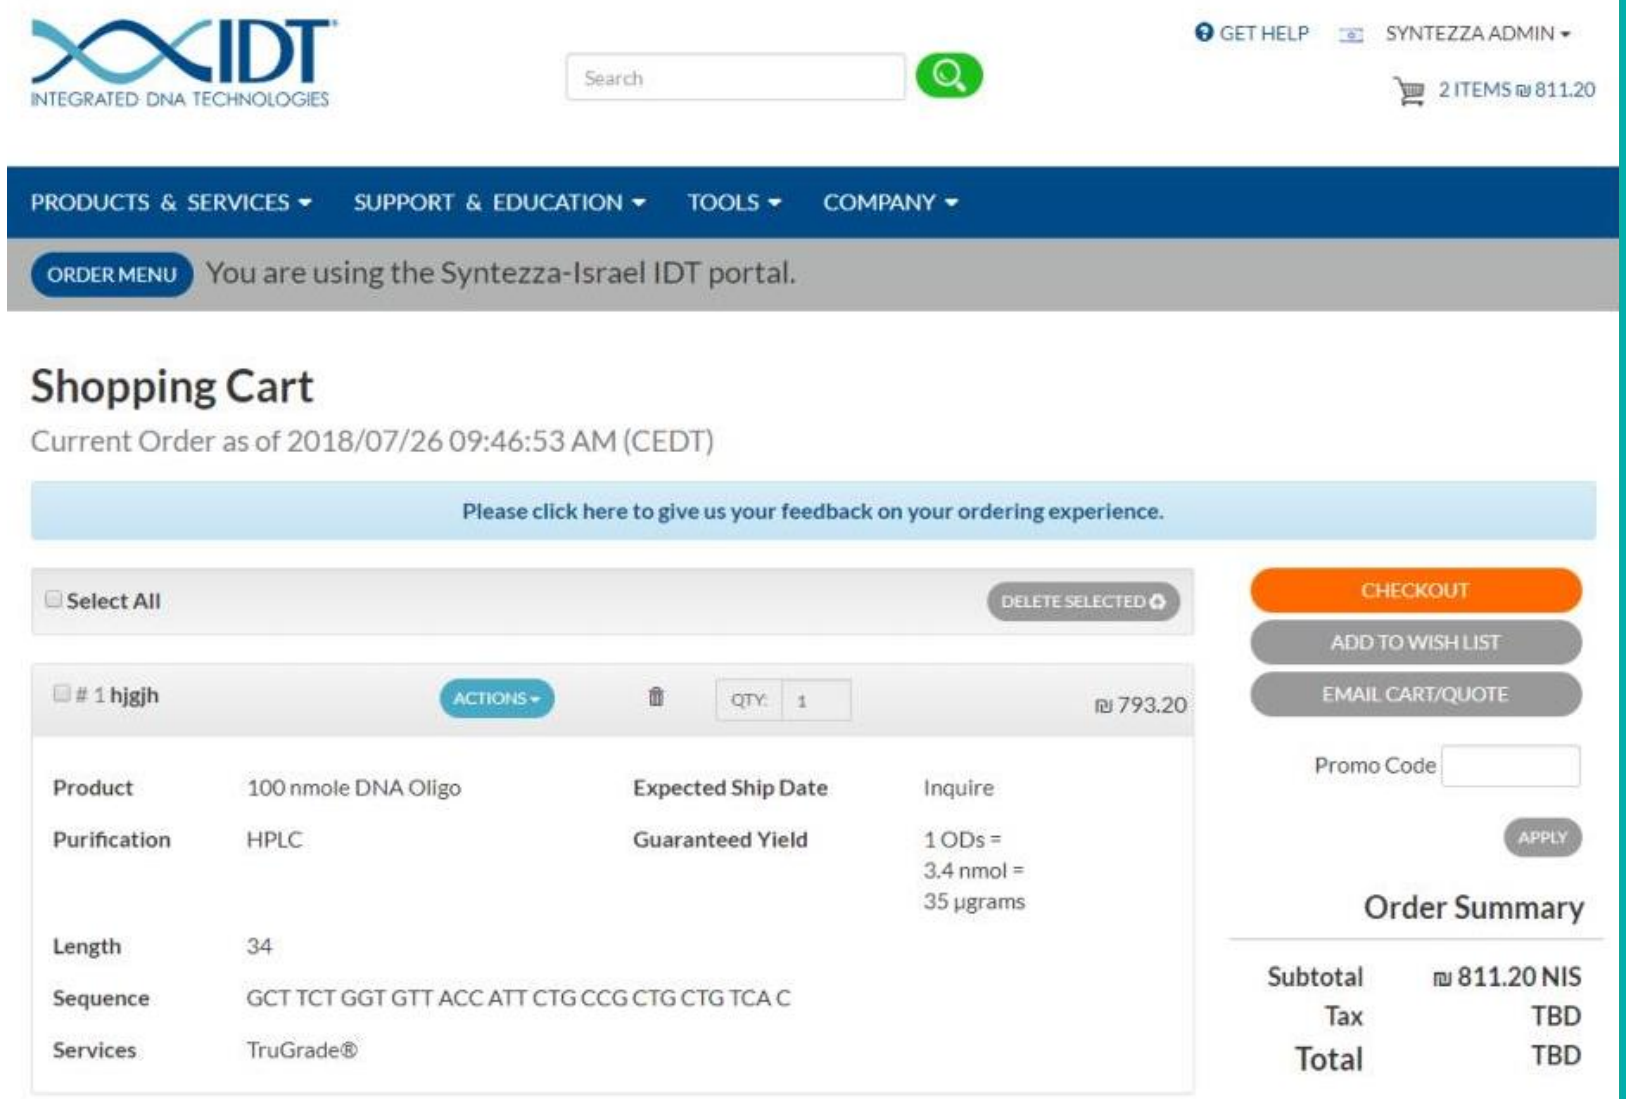


To order primers, under the category of DNA & RNA, select Custom DNA oligos. Click on ORDER NOW, and then Order in tubes.



After you entered all of your primer information, click on the button ADD TO ORDER.

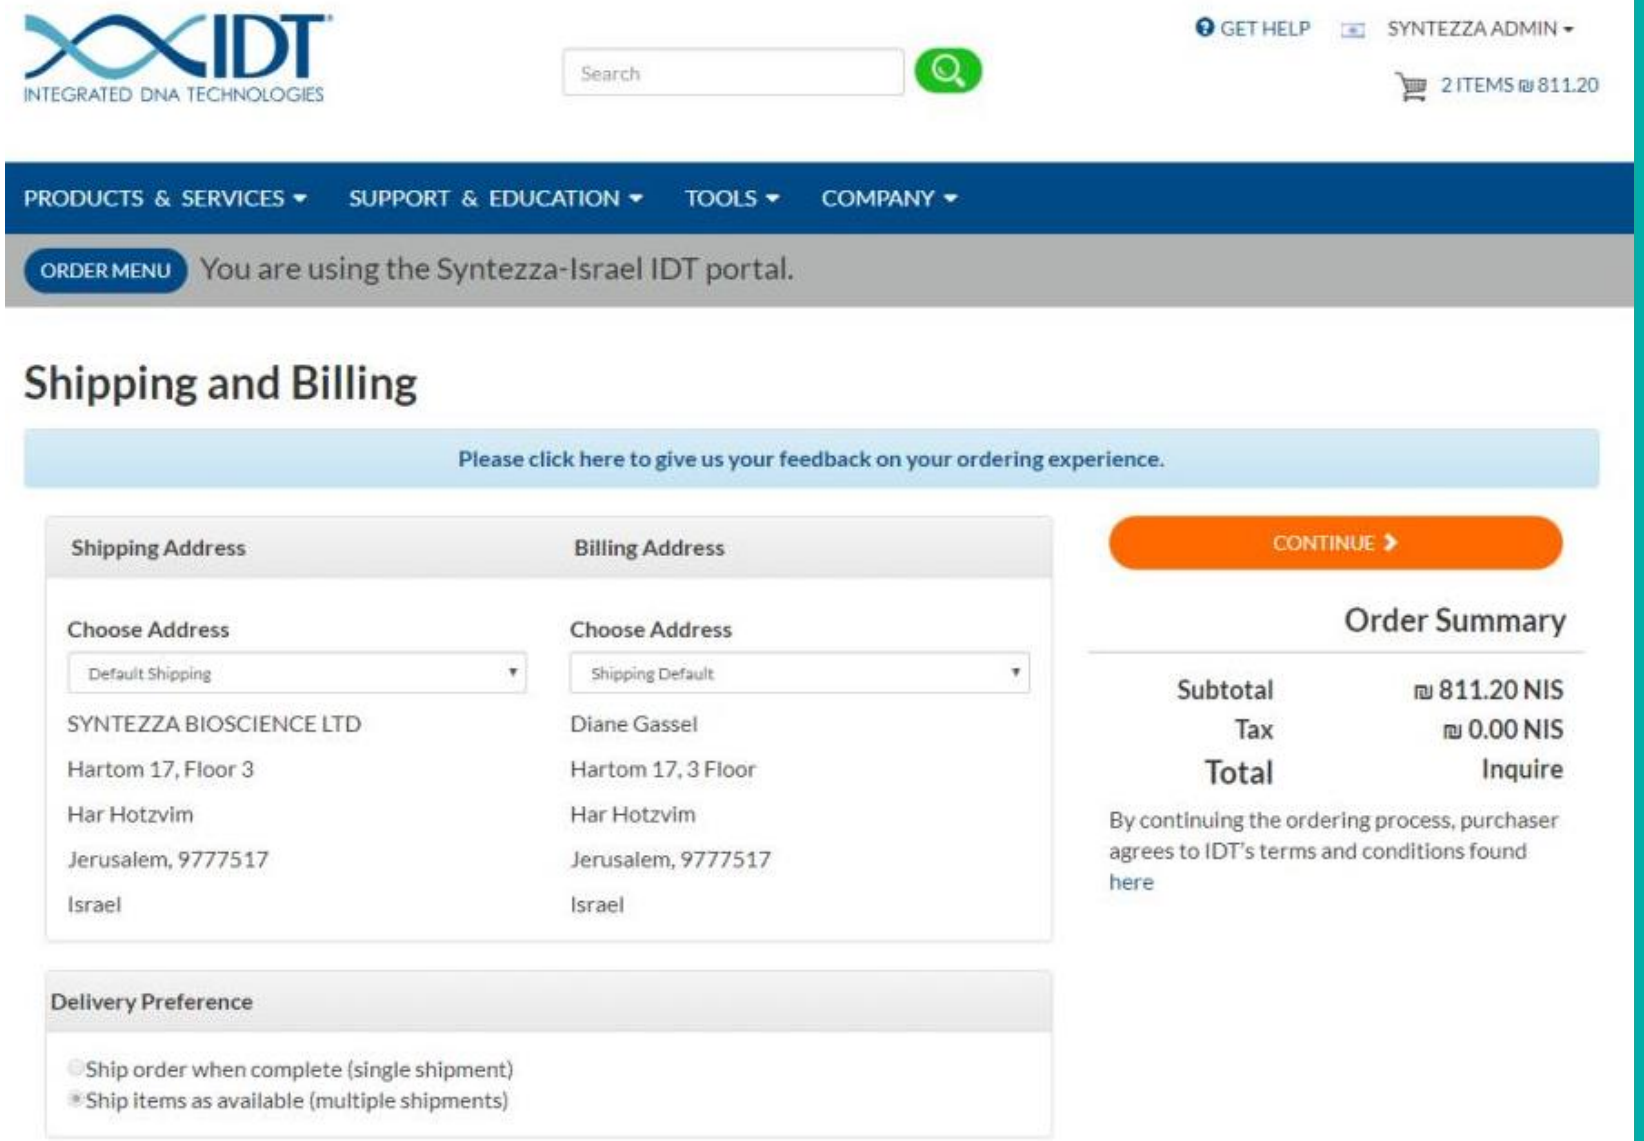
*Please note that scale indicates the starting amount of material used for synthesis. It is not the final amount of oligo that you will receive.



After clicking on ADD TO ORDER, you will be brought to your **Shopping Cart**.

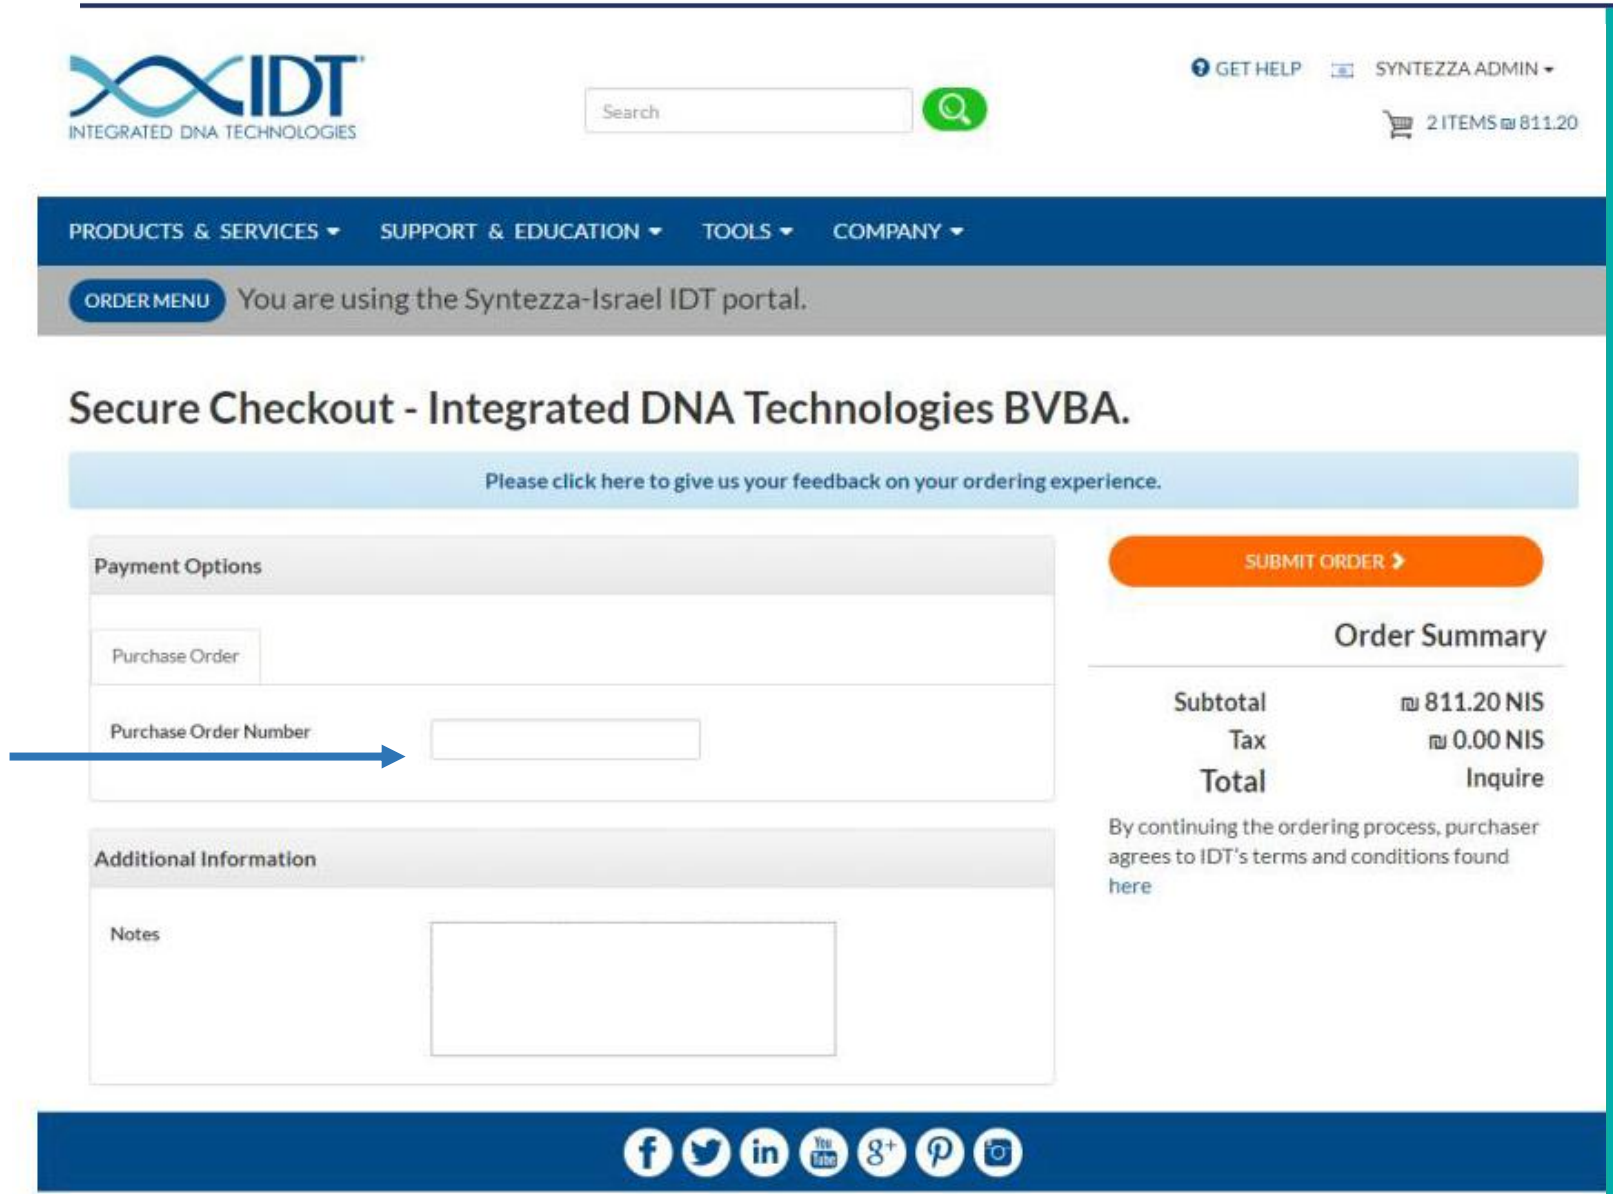
In order to complete your order, click on CHECKOUT.

Please note that the option of EMAIL CART/QUOTE does not work. Instead, in order to receive a quote, please send your product details to biosupport@syntezza.com or info@syntezza.com.
You can also send your email confirmation to either of these addresses to receive a quote.



On this page, please check that the shipping address is correct.
Please include detailed information so that our drives can easily find your lab or company location.

DOCUMENTATION:
Please choose if you would like to receive information about the oligos (SPEC SHEETS) with the package that is delivered to your lab.
Or, you can download them electronically using the Order History of your IDT account.



This is the last step until your order has been completed.
For the Purchase Order Number, you can write the PO number if you already have this. You must write something in this box, and even just writing your first name is fine.

If you have not issued a Purchase Order yet, which is often the case, you can go ahead and complete your order, and then note to yourself to send this later. As soon as your order is submitted, it will be sent to synthesis, in order to avoid all delays that sometimes happen with receiving Purchase Orders.

Click SUBMIT ORDER, and then make sure that you receive an email confirmation. This will not be sent right away, but almost always the same day that you make the order.
